SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

Change in Control

On August 31, 2017, the owners of 54,933,373 shares, representing approximately 76.04% of our outstanding shares of common stock, including the president, chief executive officer and director of our company, sold their shares to Team Youn Bio Medicine International Corp. Limited, a China based company (“Team Youn”). Contemporaneously with the sale, we sold our wholly owned subsidiary, Eternity Health Care Inc., a Canadian Federal corporation, extra-provincially registered in British Columbia (“Eternity BC”), to our former president, chief executive officer and director of our company, and assigned to him certain intellectual property and technology owned by us related to the development, testing and manufacture of our medical device needle free injection technology, together with all “know-how” and other proprietary rights of our company related thereto (the “IP Rights”) for a total purchase price of \$CDN100,000 (equivalent to \$US80,000). Payment of the purchase price for the shares of the subsidiary and the IP Rights was made by crediting an equal amount against the \$CDN1,163,966 (\$US941,303) indebtedness owed to our former president, chief executive officer and director for advances made to pay operating expenses. Our remaining \$CDN 1,063,966 (\$US 861,303) of indebtedness to our former president, chief executive officer and director was assigned to Team Youn.

On January 16, 2018, we issued 82,946,800 shares of our common stock to Team Youn upon conversion of \$CDN 1,063,966 (approximately \$USD 829,468, 1 CAD to 0.7796 USD) at a conversion price of \$0.01 per share. Team Youn now owns 137,880,173 shares of our common stock, representing approximately 80.60% of our outstanding shares of common stock.

Security Ownership

The following table sets forth information concerning beneficial ownership of our common stock as of January 18, 2018 (the “Record Date”), by (i) any person or group with more than 5% of our common stock, (ii) each director, (iii) our chief executive officer and each other executive officer whose cash compensation for the most recent fiscal year exceeded \$100,000 and (iv) all such executive officers and directors as a group.

Beneficial ownership is determined in accordance with the rules of the SEC and includes voting and investment power with respect to the securities. Subject to applicable community property laws, the persons named in the table have sole voting and investment power with respect to all shares of common stock shown as beneficially owned by them. In addition, shares of common stock issuable upon exercise of options, warrants and other convertible securities anticipated to be exercisable or convertible at or within sixty days of the Record Date are deemed outstanding for the purpose of computing the percentage ownership of the person holding those securities, and the group as a whole, but are not deemed outstanding for computing the percentage ownership of any other person. As of the Record Date, we had outstanding 171,058,437 shares of common stock.

To our knowledge, the persons named in the table have sole voting and investment power with respect to all shares of securities shown as beneficially owned by them.

CHARTER AMENDMENT

Introduction

Under our Articles of Incorporation we are authorized to issue 300,000,000 shares of common stock, par value \$0.001 per share. As of the Record Date, we had outstanding 171,058,437 shares of common stock. By unanimous written consent in lieu of a meeting of our Board of Directors dated as of January 18, 2018, for the reasons discussed below, our Board of Directors adopted, subject to approval of our stockholders, an amendment to Article 3 of our Articles of Incorporation authorizing the issuance of 10,000,000 shares of preferred stock by our Board of Directors in one or more series, with such designations, powers, privileges, rights, qualifications and limitations as our Board of Directors may determine (“blank check” preferred stock), and increasing the number of shares of common stock we are authorized to issue from 300,000,000 to 1,000,000,000 shares (the “Charter Amendment”). The Charter Amendment was approved by written consent in lieu of a meeting of stockholders signed by Team Youn Bio Medicine International Corp. Limited, the record owner of 137,880,173 shares of our common stock, representing approximately 80.60% of our outstanding shares of common stock as of the Record Date. A copy of the Certificate of Amendment to Articles of Incorporation is annexed as Appendix A to this Information Statement.

The Charter Amendment gives our Board of Directors authority to issue up to 10,000,000 shares of “blank check” preferred stock from time to time in one or more series, pursuant to resolutions adopted by the Board in accordance with Section 78.196 of the Nevada Revised Statutes, each having the voting powers, if any, designations, powers, preferences, and the relative, participating, optional, or other rights, if any, and the qualifications, limitations, or restrictions thereof, of any unissued series of preferred stock, to fix the number of shares constituting such series, and to increase or decrease the number of shares of any such series, but not below the number of shares thereof then outstanding, without the delay attendant to obtaining stockholder approval for such issuance. The Charter Amendment also increases the number of authorized shares of common stock we may issue without further stockholder approval from 300,000,000 to 1,000,000,000.

Our Board of Directors believes that it is necessary, and in the best interests of our company and its stockholders, to authorize the issuance by the Board of Directors, without further stockholder approval, of up to 10,000,000 shares of “blank check” preferred stock and to increase the number of authorized shares of common stock we may issue to 1,000,000, to enable it to respond quickly to opportunities to raise capital in public or private offerings, as well as to enable it to act with flexibility to issue shares of preferred stock with particular terms and shares of common stock in connection with strategic acquisitions and other favorable opportunities that may arise to enhance our capital structure.

The purpose of authorizing the Board of Directors to issue preferred stock and determine its rights and preferences is to eliminate delays associated with a stockholder vote on specific issuances. The issuance of a series of preferred stock with dividend, voting and conversion rights and liquidation preferences established by the Board of Directors, or additional shares of common stock, may be appropriate for a financing, business acquisition opportunity, debt restructurings or other favorable opportunities that may arise to enhance our capital structure where there is a sense of urgency.

We have no present arrangements, agreements or understandings for the issuance of preferred stock or the use of the additional shares of common stock proposed to be authorized. No additional action or authorization by the stockholders would be necessary prior to the issuance of any preferred stock or additional shares of common stock, unless required by applicable law.

Effect of Charter Amendment on Current Stockholders

None of the rights of the holders of our common stock are being changed as a result of the adoption of the Charter Amendment. Depending upon the dividend, voting and conversion rights, as well as the liquidation preferences, established by the Board of Directors with respect to a series of preferred stock or the circumstances under which those shares of preferred stock or common are issued, such issuances could have a dilutive effect on the earnings per share, voting power and shareholdings of current stockholders.

We have not entered into any agreements and do not have any understanding or arrangements for any particular business combination and we do not have any plans, arrangements or understandings, written or oral, to issue any of the shares of preferred stock or common stock that will be newly available as a result of the adoption of the Charter Amendment. The issuance in the future of preferred stock or common stock as a result of the adoption of the Charter Amendment may have the effect of diluting the earnings per share and book value per share, as well as the stock ownership and voting rights of the currently outstanding shares of common stock. The issuance of preferred stock or the increase in the number of authorized but unissued shares of our common stock authorized by the Charter Amendment may be construed as having an anti-takeover effect by permitting the issuance of such securities to purchasers who might oppose a hostile takeover bid or oppose any efforts to amend or repeal certain provisions our Articles of Incorporation, as amended, or bylaws.

Anti-Takeover Effects

Although the adoption of the Charter Amendment is not motivated by anti-takeover concerns and is not considered by our Board of Directors to be an anti-takeover measure, the availability of “blank check” preferred stock and an increase in the number of authorized but unissued shares of common stock could enable the Board of Directors to issue shares defensively in response to a takeover attempt or to make an attempt to gain control of our company more difficult or time-consuming. For example, shares of preferred stock or common stock could be issued to purchasers who might side with management in opposing a takeover bid that the Board of Directors determines is not in our best interests, thus diluting the ownership and voting rights of the person seeking to obtain control of our company. In certain circumstances, the issuance of preferred Stock or common stock without further action by the stockholders may have the effect of delaying or preventing a change in control of our company, may discourage bids for our common stock at a premium over the prevailing market price and may adversely affect the market price of our common stock. As a result, the issuance of preferred stock and increasing the number of authorized but unissued authorized shares of our common stock could render more difficult and less likely a hostile takeover, tender offer or proxy contest, assumption of control by a holder of a large block of our stock, and the possible removal of our incumbent management. We are not aware of any proposed attempt to take over our company or of any present attempt to acquire a large block of our common stock.

No Dissenter or Appraisal Rights

Stockholders do not have any dissenter or appraisal rights in connection with the Charter Amendment under Nevada law.
